

LAND MOBILE RADIO WARRANTY

CODAN CARE: Enhanced Support Options

Enhance CODAN's industry-leading three year module warranty with additional support options.

In addition to our industry-leading three year module warranty, CODAN is pleased to offer enhanced support options.

24/7 Live Support

In the unlikely event of a major unplanned outage, Codan service agents are available to assist in bringing your network back online.

- We offer up to 24/7 global live support for Severity 1 issues
- Quick critical issue response times
- Remote support available
- Online access to documentation and technical resources

Advance RMA and Priority Repair

If any eligible CODAN equipment requires warranty repair, advance replacement and priority repair options are available.

- Shipment of replacement items once RMA is authorized
- Priority repair resolution

Software

To supplement basic maintenance and patch releases, options are available for:

- Major releases including new functionality
- Minor releases, including feature enhancements
- Information assurance on eligible products

Expanded Support Services

To keep your staff fully trained and your system operating in peak efficiency,

CODAN offers:

- Annual system health and performance reviews
- Annual training
- 24/7 on-site support available
