

OCTOBER 2023

Discontinuance of Codan 2110 transceiver family

Dear Valued Customer,

This notice is to inform you that after nearly 16 years of continuous production, the **Codan 2110 family of transceivers** has reached manufacturing obsolescence due to unavailability of components used in its manufacture. As a result, Codan can no longer continue to support new sales of the **2110 transceiver and some of its accessories** and is therefore **discontinuing** this product.

The 2110 family of transceivers is superseded by the 6110 family, full details are available on our website [here](#).

Where relevant, Codan will continue to honour its contractual supply and support obligations in relation to this product family.

In order that there may be minimum operational disruptions, the discontinuance process will be executed in a stage-by-stage manner.

The items subject to discontinuance have been categorized as follows:

Category A: Immediate

Items in this category will be discontinued immediately, with a last time buy date of 3 months from the time of issuing this notice, subject to stock availability.

Refer to [Annexure A](#)

for a full list of items in this category.

Category B: Runout

Items in this category will be made available until a fixed time, subject to stock availability.

Refer to [Annexure B](#)

for a full list of items in this category.

Category C: Consumables

Codan recognises that the items in this category are consumables and will therefore continue to support as long as possible.

Refer to [Annexure C](#)

for a full list of items in this category.

Where Codan is unable to supply 2110 family products using best endeavours, equivalent replacements will be offered where possible.

Codan will continue to provide after sales support for the affected products, including provision of spare parts, for a minimum of 5 years after the last shipment date specified. For specific information relating to the **2110 discontinuance** and availability please refer to the latest issue of the Codan **Commercial Product Spare Parts Catalogue**.
