UIC-5 v1.2.1 Software

Product Release Notes

Overview

The UIC-5-00 Universal Interface Card (UIC) is a plug-in module that provides an IP-based Ethernet network connection between MT-4 radio systems and other Land Mobile Radio (LMR) subsystems.

For further technical detail on the UIC-5-00 control interface, please refer to the following online material: [TN661 UIC-5 Universal Interface Card](#)

For further product information and technical questions, please contact Codan LMR Inside Sales at LMRSales@codancomms.com.

For technical assistance with this product, please contact Codan LMR support at LMRSupport@codancomms.com.

Affected Products

Product	Software	Hardware
UIC-5-00	UIC-II-3.0.19-30	UIC-5-00 Hardware Versions: A55-UIC-5-FP (A55-UIC-5FP-571) A55-UICMAIN-MKII (A55-UICMAIN)

What's New in This Version?

Software Features

- Motorola v.24 manufacturer-specific response messages for Codan Cyclone and other 3rd party network integration applications.

Bugs Fixed

The following bugs identified in the UIC-5-00 version 1.2 software are now fixed in the version 1.2.1 software:

- Analog voice traffic management failures fixed.
- CPU resource management issue in simplex mode fixed.

Availability

- The UIC-5 v1.2.1 software will be provided on all new UIC-5 Cards.
- Upgrades to existing units available via Codan LMR Support. Note that return-to-factory (RMA) repair may be required.

UIC-5 v1.2.1 Software

Product Release Notes

Compatibility

Product Compatibility

The UIC-5-00 v1.2.1 software release maintains the Codan and Third Party product compatibility outlined in the [v1.2 release](#).

Version Compatibility

Product	Software/ Firmware Upgrade	Supported Hardware Version
UIC-5-00 v1.2.1 Software	v1.2 (UIC-II-3.0.19-30) – Field Upgrade Versions prior to v1.2 – RMA Only	4GB Version 8GB Version (Std. Temp)

Browser Compatibility

The UIC-5-00 hardware with the v1.2.1 software upgrade has been verified for use with the following internet browsers:

- Microsoft IE version 11.1631.15063.0
- Google Chrome version 72.3626.121
