OUR PROCESS

Solving challenging requirements is what we do best

ASSESS

Our technical consultants will conduct a detailed on-the-ground assessment of:
- Human needs
- Operational environment
- Opportunities and challenges
- Cultural context
- Scenario planning

DESIGN

Our field service team will then design a custom solution for those challenges, using the right hardware and software from Codan or one of our technology partners.

DEPLOY

Our specialist logistics team gets the hardware and the resources to wherever you are, getting your system up and running fast.

TRAIN

We'll train operators and communications staff on how to use the system – which will be a short process, thanks to our easy-to-use interfaces and interoperability.

SUPPORT

We're available to be deployed within 24 hours for any support required. And we're always on hand for any advice you require.

PRINCIPLES

So how do you know it's a Codan Communications solution? Our six principles apply to every solution we create.

WE GO WHERE YOU GO

We design and deliver solutions to every country on earth. Not only that, we also deliver training wherever you are — from Somalia to Afghanistan to the DRC

NO GAPS COVERAGE

Our products are built to the highest standard so your team will never be isolated or out of connectivity, no matter where they need to go

RELIABILITY

Our products don't fail. We've tested and deployed them in the toughest environments and harshest climates, and back this up with our three year extendable warranty

FAST DEPLOYMENT

We move with you to the most hostile places on earth

PURE SIMPLICITY

We have an easy-to-use system, intuitive interfaces, native language support and training to get users active fast

CONNECT AND SCALE

We have access to a huge range of products and systems, allowing interoperability, scale, and budget flexibility
