

In our

# 60 YEARS

of operation

We're used by

**GLOBAL CORPORATIONS**  
**NICHE OPERATORS**  
**REMOTE AREA WORKERS**  
and  
**BORDER PATROL**

We've deployed across

**MINING**  
**FISHERIES**  
**FORESTRY**  
**AGRICULTURE**

In every region of the

**WORLD**

Built to withstand the

**TOUGHEST ENVIRONMENTS**  
and  
**HARSHEST CLIMATES**

## OUR PROCESS

Solving challenging requirements is what we do best

### ASSESS

Our technical consultants will conduct a detailed on-the-ground assessment of:

- Human needs
- Operational environment
- Opportunities and challenges
- Cultural context
- Scenario planning

### DESIGN

Our field service team will then design a custom solution for those challenges, using the right hardware and software from Codan or one of our technology partners.

### DEPLOY

Our specialist logistics team gets the hardware and the resources to wherever you are, getting your system up and running fast.

### TRAIN

We'll train operators and communications staff on how to use the system — which will be a short process, thanks to our easy-to-use interfaces and interoperability.

### SUPPORT

We're available to be deployed within 24 hours for any support required. And we're always on hand for any advice you require.

## CHALLENGING REQUIREMENTS? NO PROBLEM

When your operations are spread beyond line of site, whether over the horizon, behind mountains, in urban jungles or underground, Codan Radio Communications can create a solution that will keep everything running smoothly.

We hear you.

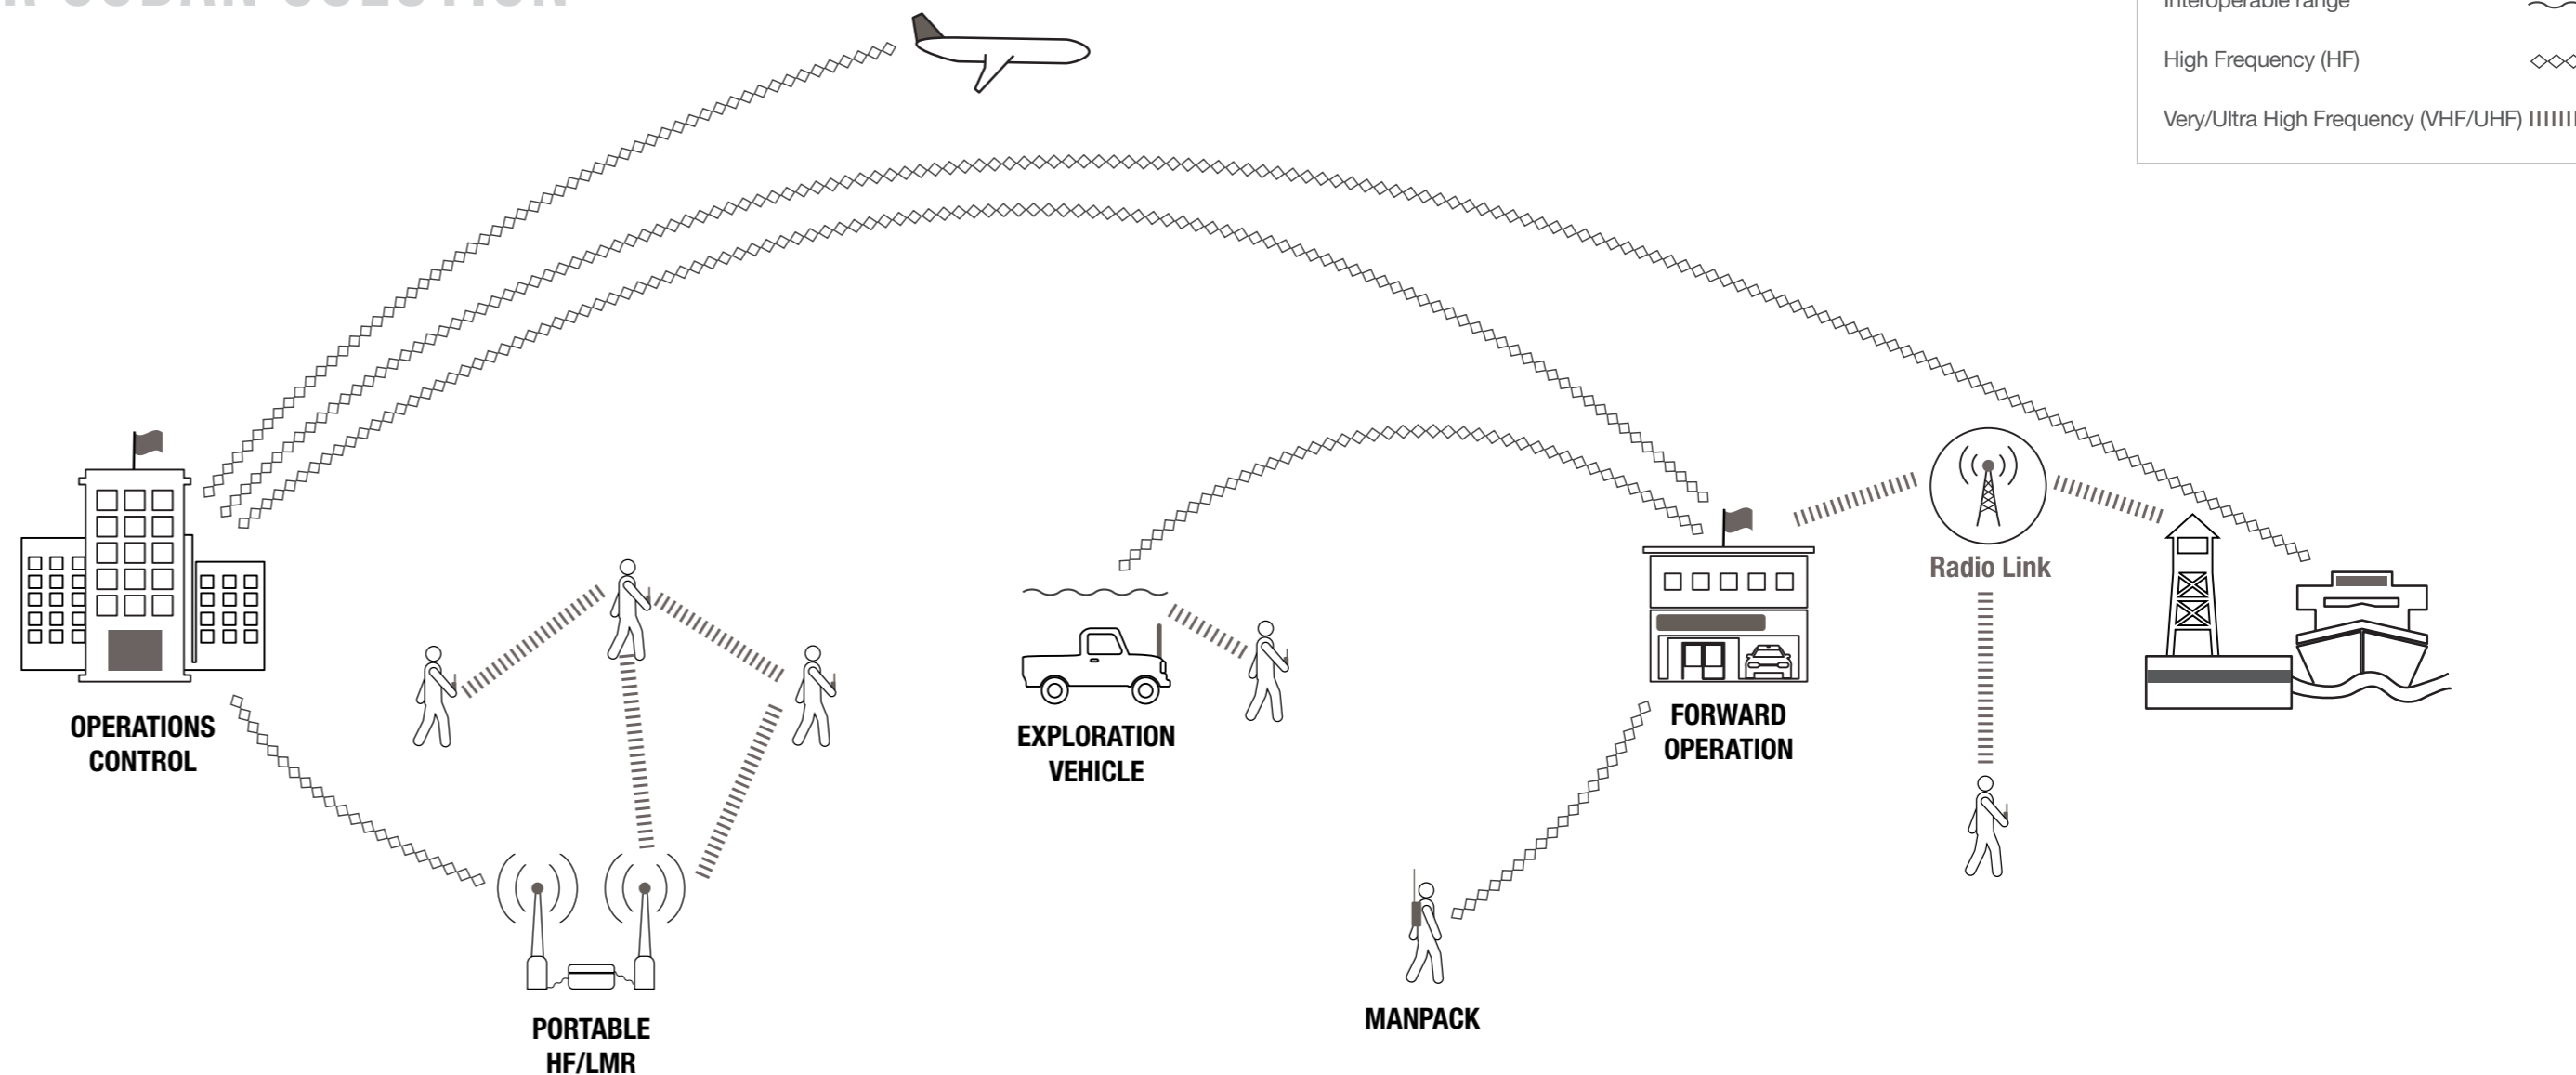

### OUR COMMERCIAL CLIENTS TELL US THEY NEED...

- ✔ To provide secure, no-gaps communication across all operations
- ✔ Radio that meets increasingly stringent OHS requirements
- ✔ Capability to send both data and voice communications
- ✔ Easy to navigate and manage systems
- ✔ Systems with inbuilt intelligence to reduce operator burden
- ✔ To make communications easy in an emergency

### ...AND THAT'S WHY OUR SOLUTIONS DELIVER...

- ✔ A technology suite that covers HF, LMR, Satellite, Land-to-Air, Cell and more
- ✔ Radio technology with the highest clarity of voice and reliability
- ✔ Frequency designation and separation to enable both voice and data services to co-exist without disrupting each other
- ✔ Simple to use equipment with intuitive icon-based interface and instructions in multiple languages
- ✔ Software-based network which can be updated with new features quickly and easily from one remote location
- ✔ One-touch calling in critical moments

## YOUR CODAN SOLUTION

## PRINCIPLES

So how do you know it's a Codan Communications solution? Our six principles apply to every solution we create.

### WE GO WHERE YOU GO

We design and deliver solutions to every country on earth and every operational environment, from mine sites to distant fisheries to remote forests

### NO GAPS COVERAGE

Our products are built to the highest standard so your team will never be isolated or out of connectivity, no matter where they need to go

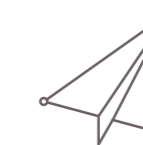

### RELIABILITY

Our products don't fail. We've tested and deployed them in the toughest environments and harshest climates, and back this up with our three year extendable warranty

### FAST DEPLOYMENT

We move with you to the most inhospitable places on earth to get you up and running fast. And because we know that radio expertise is rare, our team do the configuration with you

### PURE SIMPLICITY

We have an easy-to-use system, intuitive interfaces, native language support and training to get users active fast

### CONNECT AND SCALE

We have access to a huge range of products and systems, allowing interoperability, scale, and budget flexibility
